## Spitfire Assembly Instructions

Colour in with whatever camouflage you like.

Glue to thin card (unless it was already printed on card)

Carefully cut around the dotted lines.

Glue fuselage A and B together,
Wings C and D together,
Tail plane E and F together

Assemble by slotting wings into front of fuselage, and tail plane into back of fuselage.

Ask an adult to help you to pierce a hole through G, and you will be able to hang the plane up using cotton thread.
